**Subject:** : claims from private parties and local governments

To keep you up to date: This afternoon I talked to Matt, who had talked to the Region. I will follow up on Monday with region 8 orc and HQ ogc, on how people can submit claims for reimbursement of private damages and local government extra response costs.

On extra EPA costs that region 8 faces, I explained we have the year -end funding that we had not yet committed, so we can see what is needed from that.
